

Road to Learning and Earning

Lesson Plan

Topic/Title of Plan: Functional Vocabulary and Signs

Lesson Developed By: Shannon Plemmons

School: Fred T Foard High School, Catawba County

Objective Being Taught	Learn important words and signs in the community
RTLE Matrix Objective	In school and at home, learn skills needed for safe living and getting around your community as much as you can on your own.
Student Audience/Length	Grades 9-12/ 14-22 year olds/ Self-contained or occupational course of study/ 60-90 minutes
Materials/Resources Needed	<ul style="list-style-type: none">• Construction paper• Markers• Printer• Magazines• Glue• Big area of space• Laminator (optional)• Computer• Scissors
Teaching Procedure	<ol style="list-style-type: none">1. I start the lesson off by asking students about important words or signs throughout their home or community. Such as: bank, grocery store, fire, stove, car2. We then discuss all the functions of each word and where we would see or use the word.3. Next, we would discuss what would be a visual for each word. Example: what a fire looks like, what a bank looks like4. Next, I will assign students depending on how many words we are focusing on a set amount that they are responsible for writing the word on construction paper and finding a picture to represent the word to paste on another piece of construction paper.5. After each student completes the above task it is to play a big game of Memory.6. Basically, we play the game just like you would Memory just using the words and pictures we have chosen.7. Each student takes a turn and when all the cards are gone the student with the most pairs wins.

Check for Understanding and Assessment of Lesson	<ol style="list-style-type: none">1. While the students are playing the memory game you are able to assess their understanding. You are able to give students immediate feedback.2. To assess the students I will also give them a test that requires them to match the words and pictures on a piece of paper by drawing a line to each other.
Wrap Up/Review	This activity can be used throughout the school year to work on different words or the same words as much or as little as you need to.
